

**Section 1 Chemical Product and Company Identification**

**Product identifier**

Product name: Freeman Sheet Wax 266 PSA

**Relevant identified uses of the substance or mixture and uses advised against**

Identified uses: Thermo-Stable Sheet Wax (Adhesive Back)

**Details of the supplier of the safety data sheet**

Freeman Manufacturing and Supply Company  
1101 Moore Road, Avon, OH 44011  
Telephone (440) 934-1902

| HMIS          |   |

| PPE<br>Sec. 8 |   |

**24 Hour emergency telephone number: CHEMTREC (800) 424-9300**

**Section 2 Hazard Identification**

**Classification of the substance or mixture**

GHS: Not a hazardous substance or mixture.

**GHS Label elements, including precautionary statements**

Not a hazardous substance or mixture.

**Hazards not otherwise classified (HNOC) or not covered by GHS**

None

**Section 3 Composition/Information on Ingredients**

| Hazardous Ingredient             | CAS Number | Percent |
|----------------------------------|------------|---------|
| None as per 29CFR Part 1910.1200 | N/A        | N/A     |

Proprietary mixture of synthetic waxes with a non-hazardous water-based adhesive coating. No components need to be disclosed according to the applicable regulations.

**Section 4 First-Aid Measures**

**Inhalation**

If breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable for breathing. If not breathing, give artificial respiration. If signs/symptoms continue, get medical attention.

**Skin Contact**

For contact with ambient temperatures, wash with soap and water.

**Eye Contact**

Flush eyes with water as a precaution.

**Ingestion**

Never give anything by mouth to an unconscious person. Rinse mouth with water.

**Section 5 Fire-Fighting Measures**

**Extinguishing media**

Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.

**Special hazards arising from the substance or mixture**

On combustion, carbon dioxide and carbon monoxide may be produced.

**Section 5 Fire-Fighting Measures continued**

**Advice for firefighters**

Wear self-contained breathing apparatus for fire-fighting if necessary.

**Section 6 Accidental Release Measures**

**Personal precautions, protective equipment and emergency procedures**

For personal protection see section 8.

**Environmental precautions**

None known

**Methods and materials for containment and cleaning up**

Collect in suitable containers for disposal.

**Section 7 Handling and Storage**

**Precautions for safe handling**

Provide sufficient air exchange and/or exhaust in work area.

**Conditions for safe storage, including any incompatibilities**

Store at ambient temperatures in closed containers. Do not store in heat or direct sunlight. Keep away from flame and open electrical coils. No chemical incompatibilities.

**Section 8 Exposure Controls/Personal Protection**

**Components with workplace control parameters**

None known

**Appropriate engineering controls**

Provide exhaust ventilation or other engineering controls. An eye wash station and safety shower should be located near the workstation.

**Individual protection measures, such as personal protective equipment (PPE)**

**Eye/face protection**

Use safety glasses equipped with side shields.

**Respiratory protection**

The need for respiratory protection is not anticipated under normal use conditions and with adequate ventilation. If elevated airborne concentrations above applicable workplace exposure levels are anticipated, a NIOSH-approved organic vapor respirator equipped with a dust/mist prefilter should be used.

**Hand protection**

Wear suitable gloves.

**Body protection**

No special protective equipment required.

**Safety Stations**

Make emergency eyewash stations, safety/quick-drench showers, and washing facilities available in work area.

**General Hygienic Practices**

Avoid breathing dust, vapor or mist. Avoid contamination of food, beverages, or smoking materials. Wash thoroughly after handling, and before eating, drinking or smoking. Remove contaminated clothing promptly and clean thoroughly before reuse.

**Section 9 Physical and Chemical Properties**

|                                      |                                |
|--------------------------------------|--------------------------------|
| <b>Appearance</b>                    | Medium brown/dark yellow solid |
| <b>Odor</b>                          | Mild                           |
| <b>Odor Threshold</b>                | No data available              |
| <b>pH</b>                            | No data available              |
| <b>Melting Point</b>                 | >279°F (>137°C)                |
| <b>Initial boiling point</b>         | No data available              |
| <b>Evaporation rate</b>              | No data available              |
| <b>Flash Point (COC)</b>             | 465°F (240°C)                  |
| <b>Flammability (solid, gas)</b>     | No data available              |
| <b>Upper/lower flammability</b>      | No data available              |
| <b>Vapor Pressure</b>                | No data available              |
| <b>Vapor density</b>                 | No data available              |
| <b>% Volatile</b>                    | 0                              |
| <b>Relative density (g/cc)</b>       | 0.90 ± 0.05                    |
| <b>Water Solubility</b>              | Insoluble                      |
| <b>Coefficient: n-octanol/ water</b> | No data available              |
| <b>Auto-ignition temperature</b>     | No data available              |
| <b>Decomposition temperature</b>     | No data available              |
| <b>Viscosity</b>                     | Solid at room temperature      |

**Section 10 Stability and Reactivity**

**Reactivity**

No dangerous reaction known under conditions of normal use

**Chemical stability**

Stable under normal temperatures and pressures

**Possibility of hazardous reactions**

Hazardous polymerization not indicated

**Conditions to avoid**

Heat, open flame

**Incompatible materials**

None known

**Hazardous decomposition products**

Thermal oxidative decomposition can produce carbon monoxide and carbon dioxide

**Section 11 Toxicological Information**

**Information on toxicological effects**

|  |   |
|--|---|
| <b>Acute toxicity</b>                    | No data available                                 |
| <b>Skin corrosion/irritation</b>         | No data available                                 |
| <b>Serious eye damage/eye irritation</b> | No data available                                 |
| <b>Respiratory or skin sensitization</b> | No data available                                 |
| <b>Germ cell mutagenicity</b>            | No data available                                 |
| <b>Carcinogenicity</b>                   | Not considered carcinogenic by NTP, IARC, or OSHA |
| <b>Reproductive toxicity</b>             | No data available                                 |
| <b>Specific target organ toxicity</b>    |   |
| <b>Single exposure</b>                   | No data available                                 |

| <b>Section 15 Regulatory Information</b>  |   |
| <p><b>US Federal Regulations</b><br/>           SARA 311/312 Codes: No hazard categories identified<br/>           SARA 302: No components in this material are subject to the reporting requirements of SARA Title III, Section 302.<br/>           SARA 313: This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.</p> <p><b>US State Regulations</b><br/>           California Proposition 65: This product does not contain any chemicals known to the state of California to cause cancer, birth defects, or other reproductive harm.</p> <p><b>Inventory Status</b><br/>           European Union: To the best of our knowledge all chemicals in this product are compliant with REACH regulations.<br/>           United States (TSCA) Inventory Status: All ingredients listed on the EPA TSCA inventory requirements<br/>           Canada (DSL/NDSL): Listed in DSL</p> |   |

**Section 16 Other Information**

**Disclaimer**

The following supersedes Buyer's documents. SELLER MAKES NO REPRESENTATION OR WARRANTY, EXPRESSED OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. No statements herein are to be construed as inducements to infringe any relevant patent. Under no circumstances shall Seller be liable for incidental, consequential or indirect damages for alleged negligence, breach of warranty, strict of liability arising in connection with the product(s). Buyer's sole remedy and Seller's sole liability for any claims shall be Buyer's purchase price. Data and results are based on controlled lab work and must be confirmed by Buyer by testing for its intended conditions of use. The product(s) has not been tested for, and is therefore not recommended for, uses for which prolonged contact with mucous membranes, abraded skin, or blood is intended; or for uses for which implantation within the human body is intended.
